

Rega Planar 8

BORROWING FROM THE RP8, Planar 6 and flagship Naiad turntable designs, the eye-catching Rega Planar 8 uses a new three-piece laminate glass platter and ultra-light but rigid skeletal plinth. Fitted with the RB880 tonearm and available bundled with the company's Ania or Apheta 2 moving-coil cartridges at extra cost, it sounds every bit as good as it looks. Pitch stable and silent, thanks to the Neo PSU, performances are mesmerising and full of emotional engagement. With a remarkable ability to thrill and entertain, the Planar 8 represents state-of-the-art LP playback.
